Subject: Membership Dues Invoice – 2026-2027

On behalf of the Nebraska Water Resources Association (NWRA), we invite you to renew your membership for the 2026–2027 year. Water remains a critical issue in Nebraska and nationwide, and NWRA plays an important role as an educator, consensus builder, and policy advocate.

By maintaining your membership, you support your organization, your colleagues, and Nebraska's broader water community. NWRA provides a strong, informed network engaged in legislative, judicial, and regulatory matters, while also working to educate the public on the value of our water resources.

NWRA is affiliated with the National Water Resources Association, giving members access to updates on federal legislation and agency activity, including Congress and the EPA.

Our monthly **Water Round Table** meetings resume each fall and take place from 8:00–9:00 am on the second Thursday of each month. These hour-long sessions provide essential insights into current water issues and are available online afterward for your convenience.

NWRA also partners with the Nebraska State Irrigation Association to host the Joint Convention, taking place November 23–24 at the Younes Conference Center South in Kearney. The event features educational sessions and a trade show showcasing the latest in water-related tools and services.

To be eligible to vote at the annual membership meeting, dues must be received by **November 1, 2026.**

Enclosed you'll find your **membership renewal form**, which outlines your membership category and dues amount. You may renew online at www.newra.net/membership-application. Please review and update any contact information, including your email address, directly on the invoice to ensure you continue receiving timely updates, mailings, and event details. If applicable, please also complete and return the **Voter Designation Form** included.

For questions or to submit payment, please contact Connie Schroeder, at **cschroeder@capitolmg.com**. We accept all major credit cards and checks. Please respond by **July 1, 2026**.

Thank you for your continued support, engagement, and commitment to the future of Nebraska's water resources.

Sincerely,

Scott Merritt
