

STILL in it for you

February 2, 2023

FEB 6 - 2023

Greetings!

At the January 18, 2023, ACE Board of Directors meeting, **the Board voted to distribute \$200,000 to its members using the current member distribution formula.** Because of this action, TERRYTOWN will either receive a check or an ACH transaction in the amount of \$837 which represents your community's share of the ACE distribution for Fiscal Year 2022-2023. It is yours to use as you wish.

Enclosed you will find a presentation check and press release. Feel free to personalize it with details of any specific projects funded completely or in part by this distribution. No matter how big or small your project may be, it impacts your community. The world needs more good news!

***We would love to hear about it too!*** ACE will once again accept nominations for the annual Project of the Year Awards which focuses on community projects made possible with the help of the Revenue Return program. Communities have a chance to win \$200 for future community betterment projects. I have included details about the program as well as a nomination form. I am excited to see everyone's projects.

Thank you for all you do in support of ACE.

Best Regards,

### **ACE Board approves \$200,000 distribution to Nebraska member communities**

ACE, the Public Alliance for Community Energy, is distributing \$837 to the **City of Terrytown** as its share of \$200,000 being distributed through ACE's revenue return program to the 76 Nebraska member communities of the not-for-profit, community-owned natural gas supplier.

Through the program, the ACE board of directors may vote to return revenue to its member communities. The board approved the distribution at its board meeting in January. Since forming in 1998, ACE has returned more than \$3.5 million back to its Nebraska member communities, including nearly \$3,000 to Terrytown. The funds are used in various ways to benefit each ACE member community, including helping fund recreational trails, community swimming pool and park improvements.

Now in its 25<sup>th</sup> year, ACE was formed by Nebraska communities to provide competition in the Nebraska Choice Gas program while retaining local control. It also provides advocacy for Choice Gas customers and strives to keep revenue in Nebraska's ACE member communities.

The Nebraska Choice Gas program selection period will run from April 6 through April 26. During this period, customers can choose a competitive rate and pricing option online at [www.ACEenergy.org](http://www.ACEenergy.org) or by calling ACE at (800) 454-4759. Selection forms will be mailed out to all eligible customers prior to the start of the selection period. Learn more about ACE, its support of Nebraska communities, and role in the Nebraska Choice Gas program at [www.ACEenergy.org](http://www.ACEenergy.org).
